

Agenda (PP-9)

Participants

Panel members: Wenju Cai, Alex Ganachaud, Ken Ando, Kim Cobb, Mat Collins, Matt Lengaigne, Xiaopei Lin, Billy Kessler, Sang-Wook Yeh, Mike McPhaden

Guests: Janet Sprintall, Wolfgang Schneider, Axel Timmermann

Day 1 – Monday 14th July 2014

Joint PP-IOP session (Room: Kilimanjaro 1)

8:30hr – Welcome, Introduction, and charge to meetings
9:00hr – ENSO-IOD relations in CMIP 5 (Jérôme Vialard)
9:30hr – Climate model assessment (Wenju Cai)
10:00hr – Indo-Pacific decadal climate variability (Weiqing Han)

10:30hr – Coffee Break

11:00hr – Update on ITF Task Team activities (Janet Sprintall)
11:30hr – YMC (Kunio Yoneyama)
12:00hr – Discussion on joint activities

12:30hr – Lunch

Joint PP-GSOP session (Room: Kilimanjaro 1)

13:30hr - CLIVAR ENSO Research Focus (Eric Guilyardi)
14:00hr – The Universality of Combination Modes (Axel Timmermann)
14.30hr – ENSO and GW: coordinated experiment for CMIP6 on ENSO teleconnections (Mat Collins)

15.00hr – Coffee Break

15:30hr - TPOS (Billy, Ken, Tony Lee, Magdalena Balmaseda, Masa Kamachi)
16:00hr - Current status of the Pacific and ENSO forecasts; Rapid international response strategies to climate events (Mike McPhaden, Axel Timmermann)
16:30hr - GODAE OceanView (intercomparison and observing system assessment and design) (Keith Haines, Magdalena Balmaseda, Tony Lee)
17:00hr - The role of the Pacific in the hiatus: open discussion (Wenju Cai, Matt Collins, Magdalena Balmaseda)

17.30hr – End of day

Day 2 – Tuesday 15th July 2014 (Room: Europe 1)

8:30hr – Panel Strategy (Wenju Cai, Alex Ganachaud)

9:00hr - Review of the Tropical Pacific observing system (Billy Kessler)

9.20hr - East Pacific plans (Carmen Morales/Wolfgang Schneider)

9.50hr - NPOCE and WBCs (Xiaopei Lin)

10.10hr - SPICE (Alex Ganachaud)

10:30hr – Coffee Break

11:00hr - POSEIDON/GAIA/TIPEX (Sang-Wook Yeh)

11:20hr – SPCZ (Mat Lengaigne)

12:00hr – Discussion/ Pan Clivar preparation: Pacific observing system requirements (Alex Ganachaud and Billy Kessler to lead)

12:30hr – Lunch

13:30hr - How the SP waters get into the NPAC and gets into the ITF? (Janet Sprintall, Billy Kessler)

13:50hr - ENSO in GW: the system would be more sensitive to temperature changes (Eric Guilyardi, Mat Collins)

14:10hr - ENSO teleconnections and how it might change with GW (Sang-Wook Yeh)

14:30hr - WBCs changes with global warming and climate (Wenju Cai, Alex Ganachaud)

14:50hr – Panel strategy: recommendations to SSG / Pan CLIVAR meeting

15.00hr – Coffee Break (End of meeting)
